

WidePoint Reports Second Quarter Revenue of \$9.3 Million with YTD Revenue Up 167% to \$16.4 Million

Mobile Telecom Segment Q2 revenue up 500% as early stage penetration continues in federal space

Thursday, August 14, 2008

WASHINGTON, D.C. -- WidePoint Corporation (AMEX: WYY), a leading provider of advanced information technology, identity assurance and protection, and mobile telecom expense management services, announced today that revenue for the second quarter of 2008 increased 182% to \$9,264,000 from \$3,289,000 in the second quarter of 2007, and revenues for the 6 months ended June 30, 2008 totaled \$16,415,000, a 167% increase versus the comparable 6 month period of calendar 2007.

Second Quarter Highlights

- Second quarter revenue increased 282% to \$9.3 million.
- Gross profit increased approximately 40% to \$1.6 million.
- Mobile Telecom Managed Services segment revenue increased approximately 500% to \$4.8 million.
- Mobile Telecom Managed Services segment received both new and modified contracts worth more than \$10 million at five agencies and launched a GSA FSSI marketing program to expand services federal government wide.
- PKI segment successfully awarded base security contract and launched DoD pilot program at Fort Belvoir, VA with key team partners and FiXs further positioned for continued DoD wide expansion.
- PKI segment selected to provide managed services under HSPD-12 to the Federal Election Commission.
- Consulting Services segment revenue increased 63% to \$3.4 million.
- WidePoint successfully completed a \$4.1 million private placement and expanded the company's sales and marketing in support of its opportunities in high growth niche segments.

Three Month Results

Gross profit for the second quarter was approximately \$1.6 million or 17% of revenues, an increase of approximately \$465,000 over gross profit of approximately \$1.1 million or 35% of revenues in the second quarter of 2007. General and administrative expenses for the second quarter were approximately \$1.5 million or 16% of revenues, compared to approximately \$939,000, or 29% of revenues in the second quarter of 2007. As a result of the above, the net loss for the second quarter of 2008 was approximately \$178,000 as compared to a net loss of approximately \$1,000 for the second quarter of 2007.

Six Month Results

Revenues for the six month period ended June 30, 2008 were approximately \$16,415,000 as compared to approximately \$6,141,000 for the six month period ended June 30, 2007. Gross profit for the six month period ended June 30, 2008 was approximately \$2,721,000, or 17% of revenues.

The net loss for the six month period ended June 30, 2008, was approximately \$1,041,000. This compared to the net loss of approximately \$377,000 for the six months ended June 30, 2007.

Steve Komar, CEO of WidePoint, said, “The acquisition of iSYS in early January has provided us with a high growth subsidiary and a major point of inflection for WidePoint. Now representing more than 50% of the company’s revenue, iSYS’ Mobile Telecom Managed Services offering is opening new customer opportunities and providing an expansion in federal business opportunities. We believe there are more than 40 federal agencies that can benefit from our services with about 14 of those federal agencies presently engaged through the GSA in reviewing and showing near term interest in procuring such managed services. Revenue in this segment was up 500% year over year this quarter, and we believe as we migrate from the early stage adoption of these services and expand the offerings federal government wide this growth should continue into the foreseeable future.

“With the recent acquisition of Protexx, WidePoint has significantly expanded our core security offerings into the commercial sector. This broadens our portfolio of services to our existing base of current federal clients and provides a new customer base for us,” said Komar.

WidePoint CFO Jim McCubbin said, “All three of our segments reported operating profits for the second quarter of 2008 with the growth opportunities and outlook within our two niche segments continuing to look promising. The \$4.1 million capital raise and subsequent expansion of our sales and marketing efforts should provide a positive return on investment as we scale both the Mobile Telecom and PKI segment opportunities. During the second quarter of 2008, WidePoint increased its total net cash flow for the quarter to \$2,489,400. We ended the quarter with working capital of approximately \$3.3 million and cash and equivalents of approximately \$4.8 million.”

WidePoint will hold a conference call with CEO Steve Komar and senior members of the management team today, August 14, 2008 at 4:30 p.m. Eastern Time. The call will cover the company’s second quarter results. Komar will open the call and a question-and-answer session will follow.

To participate, call 800-762-8908 any time after 4:20 p.m. Eastern Time on August 14. International callers should dial (480) 629-9041. While in conference, if callers should experience any difficulty or require operator assistance, they can press the star followed by the zero button. This will call an operator to the line.

About WidePoint

WidePoint is a leading provider of advanced information technology products and services including identity management and information assurance and protection services, forensic informatics and wireless technology services. WidePoint has several wholly owned subsidiaries holding major contracts, Operational Research Consultants, Inc. (ORC), iSYS, LLC, Protexx, Inc. and WidePoint IL. WidePoint enables organizations to deploy fully compliant IT services in accordance with government-mandated regulations and advanced system requirements.
