

WidePoint Announces Third Quarter Contract Awards

Awards add over \$28 Million to Potential Future Revenues

Wednesday, October 24, 2007

FAIRFAX, Va. -- WidePoint Corporation (AMEX: WYY), a leading provider of information technology assurance and identity management services, today announced that it has been awarded a number of contracts by various federal agencies and commercial customers during the third quarter representing a total of more than \$28 million in backlog. Revenues from these awards should be realized over their respective contract lives.

Contracts awarded during the quarter ending September 30, 2007, included multi-year agreements to provide support and credentialing services for a major international U.S. federal government contractor supporting a U.S. federal agency credential program; an agreement to provide two-factor authentication products and services to the Department of Commerce; and, the listing of the Company's information assurance and identity management solutions in the State of California's Department of General Services procurement schedule.

Two follow-on awards from existing customers were also signed during the quarter with the Navy Supply Information Systems Activity, which coordinates IT projects throughout the U.S. Navy Fleet, and the GSA E-Authentication Federation for credentialing services.

During the quarter execution of existing contract options to support the Department of Labor, Federal Housing Finance Board, National Science Foundation, National Oceanic and Atmospheric Administration, Federal Trade Commission, and the Department of Justice/ Federal Bureau of Investigation were also signed, along with extensions of several commercial customer projects and assignments. In addition, the GSA executed the first option year to provide government-wide Managed Validation and Translation Service (MVTs) service and support.

WidePoint CFO Jim McCubbin said, "We are pleased to witness the awards of several new contracts and opportunities along with the extensions of several existing contracts from our current customer base. The awards increased our backlog of potential revenues materially during the quarter. The awards also demonstrated the continued recognition of our identity management solutions expertise within the marketplace. We look forward to providing our shareholders with further details of our third quarter during our next investor conference call to be scheduled for mid-November."

About WidePoint
