

WidePoint Ranked in Top Half of Fastest Growing Companies in North America on Deloitte's 2009 Technology Fast 500™

Tuesday, October 20, 2009

Washington D.C. – October 20, 2009 – [WidePoint Corporation](http://www.widepoint.com) (NYSE Amex: WYY), an information technology company specializing in wireless mobility management and cyber security, announced today that it ranked 245 on [Technology Fast 500™](http://www.deloitte.com/technologyfast500), Deloitte LLP's ranking of 500 of the fastest growing technology, media, telecommunications, life sciences and clean technology companies in North America. Rankings are based on percentage of fiscal year revenue growth during the five-year period from 2004–2008.

WidePoint's revenue grew 540% during that period.

WidePoint CEO Steve Komar said, "Our wireless mobile management and our identity management cyber security segments serving multiple federal agencies are producing excellent growth. We continue to foresee strong results going forward as both segments are poised for accelerated growth in what is still an emerging market opportunity."

"Technology Fast 500™ recognizes innovative companies that have broken down barriers to success and defied the odds with their remarkable five-year revenue growth," said Phil Asmundson, vice chairman and U.S. technology, media and telecommunications leader, Deloitte LLP. "We congratulate WidePoint on this accomplishment."

"With its impressive five-year growth, WidePoint has earned its position among the fastest growing technology, media, telecommunications, life sciences and clean technology companies in North America," said Mark Jensen, managing partner, Technology and Venture Capital Services, Deloitte & Touche LLP. "Deloitte is proud to honor WidePoint for its achievement."

Technology Fast 500™ Selection and Qualifying Criteria

Technology Fast 500™ provides a ranking of the fastest growing technology, media, telecommunications, life sciences and clean technology companies in North America. This ranking is compiled from nominations submitted to the Technology Fast 500™ website and public company database research conducted by Deloitte. Award winners for 2009 are selected based on percentage fiscal year revenue growth during the five-year period from 2004 to 2008. To be eligible for recognition, companies must own proprietary intellectual property or proprietary technology that contributes to a significant portion of the company's operating revenues. Technology Fast 500™ award eligibility requirements include base-year operating revenues of at least \$50,000, and current-year operating revenues of at least \$5 million. These revenues must have more than doubled between 2004 and 2008. Additionally, companies must have been in business for a minimum of five years and be headquartered within North America.
