**WidePoint Subsidiary iSYS, LLC Announces  
New Contract Award to provide Consolidated Cellular Management Services to  
The Department of Veteran Affairs**

**McLean, Virginia** – November 2, 2011 – WidePoint Corporation (NYSE Amex: WYY), a specialist in wireless mobility management and cybersecurity solutions, announced today that its wholly owned subsidiary, iSYS, LLC (iSYS), has been awarded a new contract to provide a full range of wireless Telecom Expense Management (TEM) services to the Department of Veteran Affairs (VA) Capitol Health Care Network (VISN5). VISN5 includes VA medical centers, clinics and remote facilities throughout Maryland, Washington, D.C., and Martinsburg, West Virginia Panhandle areas.

“iSYS will provide a comprehensive telecom expense management solution to VISN5 through the U.S. GSA Federal Strategic Sourcing Initiative Wireless TEMS contract,” said Jin Kang, President of iSYS. FSSI vehicles provide Federal agencies easy access to procurement contracts that offer economies of scale discounts, business intelligence and best practice solutions. The FSSI Wireless TEM services contract enables Federal agencies to more easily access TEM services for lowering the costs of using and managing commercial wireless services. “To help manage VISN5’s wireless devices and services to reduce total wireless costs, iSYS TEM services will include: Project Management Services, Project Startup Services, Wireless Service Contract/Agreement Administration Services, Inventory Management Services, Invoice Management and Audit Services, Rate Plan Optimization Services and Management Reporting Services,” said Mr. Kang. In addition to providing TEM services, iSYS will provide VISN5 with a convenient means of ordering wireless services from regional and local carriers.

iSYS TEM services are delivering 30-65% NET savings on mobile budgets to iSYS TEM clients including the U.S. Army Corps of Engineers, Centers for Disease Control and Prevention and the Department of Defense’s Washington Headquarter Services, among others. iSYS TEM solutions combine telecom industry expertise, managed services and the company’s award-winning, proprietary, customizable web-based portal - ITMS<sup>®</sup> for “Intelligent Telecommunication Management System” - to drive efficiency and cost reduction. ITMS<sup>®</sup> is recognized for meeting U.S. Department of Defense’s Gold Disk Standard for Data Security.

“iSYS TEM services will help the VA save significantly on wireless costs, enabling VA to focus valuable resources on the core mission of taking care of our nation’s veterans,” Steven L. Komar, WidePoint CEO & Chairman. “iSYS looks forward to delivering for VA and appreciates VA’s commitment to innovative IT solutions.”
