**WidePoint Subsidiary iSYS Announces New Contract Award to Provide
Telecommunications Audit Services to the State of Nevada**

Four-Year Contract Award Valued Up To \$10 Million

McLean, Virginia – February 27, 2012 – WidePoint Corporation (NYSE Amex: WYY), a specialist in communications management and cybersecurity solutions, announced today that its wholly owned subsidiary, iSYS, LLC (“iSYS”), has been awarded a new contract to provide Telecommunications Audit Services to the State of Nevada. The contract period of performance is February 14, 2012 through January 31, 2016 and has a contract value not to exceed \$10 million over the four-year period. This contract may be used by all State of Nevada agencies and city and county political subdivisions.

“We are pleased that our communications management strategy to penetrate state and local municipalities is starting to gain traction,” said Steven L. Komar, WidePoint CEO & Chairman. “We are honored by this new award and look forward to delivering world class performance with our proprietary solutions to the State of Nevada. It is our goal to be the leading ‘go-to’ communications management provider for state and local municipalities. This new award also further supports our long-term strategy to continue to broaden our customer base by adding a mix of state and local municipalities, commercial enterprises, and internationally based company’s and organizations using our proprietary solutions.”

This new contract adds to a growing number of State and Local government clients for iSYS. iSYS’s total contracted backlog in support of State and Local government entities now exceeds \$15 million.

“We’re excited by this new contract award and look forward to supporting the State of Nevada’s agencies and the State’s city and county government agencies in reducing their overall telecom cost. We are confident that we will be able to apply our tools, techniques, subject matter expertise and proprietary solutions to discover significant savings for the State of Nevada,” said Jin Kang, President of iSYS.
