WidePoint Announces September thru November 2012 Federal Awards worth up to \$7.1M

McLean, Virginia – December 12, 2012 – WidePoint Corporation (NYSE Mkt: WYY), a leading provider of cloud-based telecommunications life-cycle and trusted cybersecurity management solutions announced today it has received awards from five different agencies worth up to approximately \$7.1 million. The awards periods of performance are through September 2013 and are for services in our telecommunications life-cycle management and professional services areas.

WidePoint CEO, Steve Komar commented, “we are pleased to see a continuing flow of awards by our federal customers for work into 2013 as a validation of the value and quality of the services that we provide. Our federal work continues to provide WidePoint a strong base of operations even as we are moving to expand our services into state and local municipalities and commercial market areas. As we expand our products and services into mobile device and mobile security management we strongly believe WidePoint will be positioned to offer a unique product and services portfolio to a wide range of customers in the future.”

About WidePoint:

WidePoint is a specialist in providing telecommunications management and cybersecurity solutions utilizing its advanced information technology products and services. WidePoint has several wholly owned subsidiaries holding major government and commercial contracts. WidePoint enables organizations to deploy fully compliant IT services in accordance with government-mandated regulations and advanced system requirements.
