**WidePoint Selected to Present as a Finalist in the Cyber Solutions Trail
during the AFCEA International Cyber Symposium**

*WidePoint's PIVotalID™ Privileged Management Portal is among the top 12 solutions
selected for presentation during the event*

MCLEAN, Va., June 19, 2014 – WidePoint Corporation (NYSE Mkt: WYY), a leading provider of Managed Mobility Services (MMS) featuring Cybersecurity and Telecommunications Lifecycle Management (TLM) solutions, announced that its PIVotalID™ Privileged Management Portal has been selected to be part of the Cyber Solutions Trail, being held for the first time at the AFCEA International Cyber Symposium taking place June 24-25, 2014, at the Baltimore, MD, Convention Center.

The Cyber Solutions Trail (<http://www.afcea.org/events/cyber/14/solutions.asp>) is an opportunity for companies to demonstrate innovative new solutions relevant to cybersecurity. Submissions were evaluated by members of AFCEA's Technology and Cyber Committees, and the top 12 solutions were selected to be presented on the exhibit hall floor during the Symposium.

Daniel Turissini, WidePoint CTO, will present WidePoint's PIVotalID™ Privileged Management Portal on Tuesday, June 24, 2014, at 10:00 am, in the Symposium's Exhibit Hall. Mr. Turissini stated, "It is gratifying to have our solution recognized as a Cyber Solutions Trail finalist. Privileged users can pose severe risk and cause massive damage without proper controls in place. Our Privileged Management Portal, leveraging our technology partners [Xceedium](#) and [Thales e-Security](#), can greatly mitigate these risks."

Cyber Solutions Trail judges will award “Best Overall Solution,” along with honorable mentions for “Most Innovative” and “Best Value.” Winners will be announced at the Symposium’s June 25, 2014, plenary luncheon.

Steve L. Komar, WidePoint CEO & Chairman, said of the honor: “Being recognized as a finalist in the Cyber Solutions Trail is another validation of WidePoint’s strategic investment in technology and applying our Cybersecurity expertise to our best-in-class Managed Mobility Services.”

About WidePoint

WidePoint (NYSE Mkt: WYY) is a leading provider of secure, cloud-delivered, enterprise-wide information technology-based solutions that can enable enterprises and agencies to deploy fully compliant IT services in accordance with government-mandated regulations and advanced system requirements. WidePoint has several major government and commercial contracts.
