

iSYS, LLC: Helping State and Local Government Agencies Save on Mobile Costs

The WSCA-NASPO Wireless Management & Contract Compliance Services Contract

For many government agencies, the cost of telecom and mobile services is an escalating expense and budgetary challenge. The WSCA-NASPO Wireless Management & Contract Compliance Services Contract was developed to provide State and Local government agencies with an enterprise solution for auditing, optimizing and managing wireless expenses and contracts.

The WSCA-NASPO Wireless Management & Contract Compliance Services Contract enables agencies to easily procure a customizable solution for wireless telecom contract auditing, compliance and cost recovery services. The WSCA-NASPO Wireless Management & Contract Compliance Services Contract also enables agencies to procure optimization / right sizing services as part of a comprehensive wireless management tool.

iSYS: Auditing, Optimizing & Managing Mobile Services

Telecom Expense Management (TEM) is an enterprise solution for auditing and consolidating telecom/mobile services and assets.

iSYS is an award-winning provider of advanced technology and comprehensive telecom solutions. iSYS TEM Solutions combine telecom industry expertise, streamlined acquisitions and tailored best practices to audit, optimize and manage wireless assets, services and contracts. iSYS TEM Solutions reduce an agency's total telecom spend through:

- **Inventorying Assets and Services**
- **Rate Plan and Contract Optimization**
- **Actively Monitoring Spending**
- **Identifying and Disputing Billing Errors**
- **Eliminating Unused Lines and Technology Redundancy**
- **Applying Process Efficiencies**
- **Device Disposal, Refresh and Recycling**

iSYS TEM Solutions are supported by our award-winning, customizable Web-based TEM portal named ITMS[®]. ITMS[®] meets U.S. Department of Defense Gold Disk Standards for IT Security and FISMA Security Standards.

iSYS TEM Solutions provide enhanced visibility and transparency for optimized resource planning and management, delivering maximum accountability, data security and value.

Pioneering Public Sector TEM Best Practices

iSYS is the leading provider of TEM Services to the U.S. Federal government. Committed to delivering savings solutions to the Public Sector, iSYS supports a growing list of State and Local government agencies with customized TEM Services.

iSYS has defined and established many of the best practices being implemented by TEM contracting vehicles and wireless expense management programs deployed throughout the Public Sector.

These include:

- **Carrier-Independence**
- **A Commitment to Data Security**
- **A Commitment to Jobs in the United States**

iSYS TEM Solutions deliver maximum savings and data security no matter your telecom program size or budget.
