

DELIVERING ADVANCED TELECOM AND IT SOLUTIONS

Maximum Accountability, Security, Savings

In today's ever-changing telecommunications landscape, WidePoint provides a complete and secure solution for both mobile and landline management, customized to enforce your policies, ensure contract compliance and provide visibility, and maximize your telecom budget.

WidePoint, through its subsidiary iSYS LLC, provides innovative and comprehensive Telecommunications Lifecycle Management solutions (TLM):

- Telecom Expense Management (TEM)
- Device Management
- Inventory Management & Logistics
- 24/7/365 Customer Support

Optimizing Telecom Costs for Maximum Savings

As telecommunications costs have become an increasingly significant expense within the IT budget of most government agencies and commercial enterprises, WidePoint has developed a comprehensive methodology for consolidating and managing telecom assets and services to produce maximum savings, accountability, and mission critical support.

WidePoint TLM solutions combine telecom industry expertise, streamlined acquisitions and tailored best practices to deliver a secure, customized, Web-based solution to acquire, operate and efficiently manage telecom assets and services.

Delivering More than \$160 Million in Realized Savings to Date

WidePoint is the leading TLM provider to the U.S. Federal government with clients including the U.S. Department of Homeland Security (DHS); Centers for Disease Control and Prevention (CDC); U.S. Customs & Border Protection (CBP); and The U.S. Army Corps of Engineers (USACE).

Recognized for Innovation and Cost Effectiveness

iSYS TEM programs have been honored with numerous awards including

- U.S. Customs and Border Protection – 2010 U.S. GSA Award for Technical Excellence
- Centers for Disease Control and Prevention – 2010 U.S. GSA Award for Cost Effectiveness
- Washington Headquarters Services, The Pentagon – 2009 U.S. GSA Award for Cost Effectiveness

Providing Customized Solutions that Support Your Mission

Need a custom cyber security solution to protect your assets and infrastructure? Want to start saving immediately on telecom and mobile costs?
