## **WidePoint Awarded First Federal FY2018 Contract for Validation Services**

McLean, VA – October 24, 2017 – WidePoint Corporation (NYSE: WYY), a leading provider of Trusted Mobility Management (TM2) specializing in Telecommunications Management and Cybersecurity solutions, today announced a contract award valued at more than \$300,000 from a leading services provider to the Federal Government. WidePoint will provide Identity Management (IdM) validation services under this contract.

Mr. Jin Kang, Chief Executive Officer of WidePoint Corporation, stated, “As the Federal Fiscal Year just began October 1, we are excited to announce our first contract to provide our IdM services to a leading government contractor.”

Since 1999, WidePoint has been an approved and trusted issuer of US Government strong authentication credentials and has provided identity management validation services since 2006. “Given our renewed focus on expanding our validation, authentication and credentialing market, WidePoint is excited to recognize a significant win this early in the fiscal year that has additional growth opportunities,” added Jason Holloway, Executive Vice President, Chief Sales and Marketing Officer, and President and Chief Executive Officer of WidePoint Cybersecurity Solutions. “WidePoint’s rapidly deployable, customizable IdM offering provides single sign-on multi-factor authentication benefits that can be expanded to mobile devices providing complete end-to-end authentication.”

Access Management is a cornerstone of WidePoint’s Trusted Mobility Management (TM2) Framework. TM2 encompasses WidePoint’s proprietary solutions for Telecom Lifecycle Management, Identity Management, and Mobility Management with added architecture to provide a trusted environment with enhanced secure access.
