WidePoint Awarded First Task Order by the Federal Emergency Management Agency (FEMA) for Equipment and Mobile Managed Services

WidePoint Now Provides Mobile Managed Services to All Major DHS Components

McLean, VA – November 1, 2017 – WidePoint Corporation (NYSE: WYY), a leading provider of Trusted Mobility Management (TM2) specializing in Telecommunication Lifecycle Management (TLM) and Cybersecurity and solutions, today announced a new Task Order award from the Federal Emergency Management Agency (FEMA) for equipment and professional managed services valued at \$620,000.

Mr. Jin Kang, Chief Executive Officer of WidePoint, stated, “We are excited to provide telecom lifecycle management services to support FEMA under the Department of Homeland Security’s (DHS) Cellular Wireless Managed Services (CWMS) Blanket Purchase Agreement (BPA). With FEMA’s award and the recent award by the U.S. Coast Guard, we now provide TLM support to all of the major components of DHS.”

Mr. Todd Dzyak, President and CEO of WidePoint Integrated Solutions Corporation and WidePoint Solutions Corporation, noted, “FEMA now joins the other major DHS components that are utilizing the CWMS BPA to procure mobile equipment and managed services. We look forward to expanding our managed services support and to introducing our enhanced TM2 Framework to FEMA.”

WidePoint’s TM2 Framework was designed to enable government agencies and enterprises to realize maximum efficiency and security. TM2 unifies WidePoint’s proprietary Telecom Lifecycle Management, Identity Management, and Mobility Management solutions with added architecture to provide a trusted environment.

“WidePoint is honored to support FEMA’s mission critical work,” said Kang. “WidePoint looks forward to delivering for FEMA and to showcasing how our TM2 Framework can assist FEMA in achieving cost savings, enhanced security and increased accountability.”
