WidePoint Awarded Over \$1.3 Million in Federal Government Contracts

McLean, VA – November 6, 2017 – WidePoint Corporation (NYSE: WYY), a leading provider of Trusted Mobility Management (TM2) specializing in Telecommunications Management and Cybersecurity solutions, today announced additional contract awards valued at more than \$1.3 million. Through these contracts, WidePoint will provide our TM2 solutions to numerous federal government agencies.

“The end of Federal Fiscal Year 2017 and the beginning of Federal Fiscal Year 2018 saw a rise in award activity,” stated Mr. Jason Holloway, Executive Vice President, Chief Sales and Marketing Officer, and President and Chief Executive Officer of WidePoint Cybersecurity Solutions. “These contract awards provide a new pipeline of opportunity to showcase our TM2 framework.”

WidePoint’s Trusted Mobility Management (TM2) Framework encompasses WidePoint’s proprietary solutions for Telecom Lifecycle Management, Identity Management, and Mobility Management with added architecture to provide a trusted environment with enhanced secure access.

Mr. Jin Kang, Chief Executive Officer of WidePoint Corporation, added, “For government and commercial enterprises seeking a unified solution to their mobility management challenges, WidePoint has designed and developed a truly differentiated solution: TM2. These new awards demonstrate that WidePoint’s solutions set is continuing to gain traction within the federal government market. It’s a great way to transition into a new government fiscal year.”
