**WidePoint Awarded New Multi-Year Contract for Mobile Telecom Expense Management (TEM) Services by the United States Army Corps of Engineers (USACE)**

*Contract Award Valued at More than \$4.3 Million.*

McLean, VA – January 29, 2018 – WidePoint Corporation (NYSE American: WYY), a leading provider of Trusted Mobility Management (TM2) specializing in Telecommunications Lifecycle Management (TLM) and Cybersecurity solutions, today announced a new contract award from the United States Army Corp of Engineers (USACE) valued at more than \$4.3 million. USACE awarded WidePoint a base year plus two option years contract to provide enterprise-wide wireless Telecom Expense Management (TEM) services.

Mr. Jin Kang, Chief Executive Officer of WidePoint Corporation, stated, “WidePoint has been providing mobile TEM services to USACE since 2011, delivering more than \$9 million in cost savings and avoidance to date. We are honored to be awarded this new contract and look forward to introducing our next generation TM2 management framework to USACE. This award is a direct result of our superior performance on our prior contract with USACE. WidePoint is committed to ensuring that USACE remain a federal leader in telecom management no matter how the mobile landscape shifts and evolves.”

WidePoint will manage more than 21,000 devices for USACE through an enterprise-wide TEM program that encompasses:

- Wireless Service Contract/Agreement Administration Services<sup>[1]</sup><sub>[SEP]</sub>
- Inventory Management Services
- Invoice Management and Audit Services<sup>[1]</sup><sub>[SEP]</sub>
- Rate Plan Optimization Services
- Management Reporting Services<sup>[1]</sup><sub>[SEP]</sub>
- Contract Optimization Services<sup>[1]</sup><sub>[SEP]</sub>
- Ordering and Procurement Management Services<sup>[1]</sup><sub>[SEP]</sub>
- Dispute Recovery Services
- Transition Services

In addition, WidePoint will support USACE with Wireless Equipment & Accessories services.

Mr. Todd Dzyak, President and CEO of WidePoint Integrated Solutions Corporation and WidePoint Solutions Corporation, stated, “Previously, WidePoint has helped USACE consolidate all wireless service offerings worldwide, establishing an enterprise-wide inventory of assets and centralized ordering system capable of supporting thousands of service requests each month. USACE now has the ability to view usage and costs to make timely and informed decisions. Working in collaboration with the dedicated USACE team, WidePoint looks forward to continuing to deliver for USACE and achieving contract objectives of ongoing cost reduction and improved service visibility.”
