WidePoint Awarded \$1.5 Million Task Order by the U.S. Department of Health & Human Services Office of the Chief Information Officer (OCIO)

McLean, VA – March 13, 2018 – WidePoint Corporation (NYSE American: WYY), a leading provider of Trusted Mobility Management (TM2) specializing in Telecommunications Lifecycle Management (TLM) and Cybersecurity solutions, today announced a follow-on task order from the U.S. Department of Health & Human Services (HHS) Office of the Chief Information Officer (OCIO). The contract modification increases the total award by \$1.5 million to more than \$5.7 million, expanding the current option period through October 2018. WidePoint will deliver mobile telecom lifecycle managed services to the HHS OCIO under the HHS Blanket Purchase Agreement (BPA).

Mr. Jin Kang, Chief Executive Officer of WidePoint Corporation, stated, “WidePoint is excited to expand our contract with HHS OCIO and continue to deliver greater cost reduction and accountability. As HHS tackles the complexities of managing and securing the mobile healthcare environment, WidePoint also looks forward to showcasing our TM2 framework.”

Mr. Todd McMillen, Executive Vice President, WidePoint Integrated Solutions Corporation and WidePoint Solutions Corporation, stated, “WidePoint’s wireless management solutions provide the enhanced visibility and security required by enterprises at the forefront of healthcare. HHS OCIO developed this BPA to enable all component agencies to procure WidePoint’s comprehensive telecommunications management services. We are excited to support HHS and to engage with other agencies as the industry expert when it comes to managing the mobile landscape.”
