WidePoint Increases Task Order with United States Immigration and Customs Enforcement (ICE) for Wireless Managed Services

McLean, VA – April 18, 2018 – WidePoint Corporation (NYSE American: WYY), a leading provider of Trusted Mobility Management (TM2) specializing in Telecommunications Lifecycle Management (TLM) and Cybersecurity solutions, today announced a task order modification to fully fund the recently awarded Task Order from the United States Immigration and Customs Enforcement (ICE). This modification increases the total value of WidePoint’s contract for cellular wireless managed services with ICE by \$2.76 million to \$45.9 million.

Mr. Jin Kang, Chief Executive Officer of WidePoint, stated, “We are honored to provide telecom lifecycle management services to ICE and to support ICE’s commitment to increased accountability. Through the U.S. Department of Homeland Security (DHS) Cellular Wireless Management Services (CWMS) Blanket Purchase Agreement (BPA), WidePoint is helping ICE and other DHS component agencies address the Office of Budget and Management’s goals to maximize resources, realize cost savings and increase accountability and visibility.”

Mr. Todd Dzyak, President and CEO of WidePoint Integrated Solutions Corporation and WidePoint Solutions Corporation, noted, “WidePoint remains committed to delivering maximum efficiency and value for ICE and is excited to increase our service scope. We also look forward to demonstrating how WidePoint’s TM2 Framework can provide the enhanced security critical to ICE’s mobile workforce and mobility initiatives.”
