**WidePoint Awarded Follow-On Mobile Management Contract by the National Center for Advancing Translational Sciences (NCATS)**

McLean, VA – April 9, 2018 – WidePoint Corporation (NYSE American: WYY), a leading provider of Trusted Mobility Management (TM2) specializing in Telecommunications Lifecycle Management (TLM) and Cybersecurity solutions, today announced a follow-on award from the National Center for Advancing Translational Sciences (NCATS). The follow-on contract exercises Option Year Two and extends the period of performance by twelve months for a total value of more than \$667,000.

Mr. Todd Dzyak, President and CEO of WidePoint Integrated Solutions Corporation and WidePoint Solutions Corporation, stated, “WidePoint is honored to continue our work with NCATS. The Mobile Device Management program enables NCATS to maximize mobile assets and services. Anchored by ITMS™, WidePoint’s industry-leading telecom management platform, the mobile management program ensures that NCATS is able to track inventory and increase accountability throughout the lifecycle of each device.”

Mr. Jin Kang, Chief Executive Officer of WidePoint Corporation, stated, “As NCATS and other National Institutes of Health organizations focus on IT modernization and mobilization initiatives, WidePoint is privileged to deliver value and to provide best practice insights. WidePoint is excited to showcase how our TM2 framework provides the enhanced security and management solutions sought by organizations devoted to healthcare.”
