WidePoint Awarded More than \$11.4 Million in Government Contracts

McLean, VA – July 17, 2018 – WidePoint Corporation (NYSE American: WYY), provider of Trusted Mobility Management (TM2) specializing in Telecommunications Lifecycle Management, Identity Management and Bill Presentment & Analytics solutions, today announced numerous government contracts exceeding \$11.4 million.

Mr. Jin Kang, President and Chief Executive Officer of WidePoint Corporation, stated, “WidePoint is pleased with the gains of TM2, as evidenced by these renewals, option year awards, modifications and new contract awards. We are seeing increased opportunities to provide our comprehensive solution to government agencies to manage and protect mobile assets and environments. These awards enhance the reputation of WidePoint TM2 solutions throughout the public sector.”

WidePoint’s Trusted Mobility Management (TM2) Framework encompasses WidePoint’s proprietary solutions for Telecom Lifecycle Management, Identity Management, and Bill Presentment & Analytics with added architecture to provide a trusted environment with enhanced secure access.

Jason Holloway, President and Chief Executive Officer of WidePoint Cybersecurity Solutions Corporation, noted, “Government agencies and commercial enterprises seeking a unified mobility management solution are discovering that WidePoint TM2 solutions offer cost savings through mobility management independent of Mobile Device Management (MDM) applications. These savings are just one more way WidePoint TM2 solutions are pioneering the next generation of enterprise mobility management.”
