## **WidePoint Awarded \$1.67 Million Contract for Mobile Communications Management Services by the Centers for Disease Control and Prevention**

**McLean, VA – October 1, 2018 – WidePoint Corporation (NYSE American: WYY)**, provider of Trusted Mobility Management (TM2) specializing in Telecommunications Lifecycle Management, Identity Management and Bill Presentment & Analytics solutions, was awarded a new contract from the Centers for Disease Control and Prevention (CDC) to deliver enterprise-wide wireless Mobile Communications Management Services. Valued at more than \$1.67 million, the new contract award has a performance period of five years, commencing September 30, 2018, and consists of a base year plus four option years.

“WidePoint has provided mobile telecommunications expense management/mobile lifecycle services to the CDC since 2006, and we are honored to continue our work under this new award,” stated Jin Kang, Chief Executive Officer of WidePoint Corporation.

Todd Dzyak, President and CEO of WidePoint Integrated Solutions Corporation and WidePoint Solutions Corporation, commented: “Our technology has helped streamline and improve the management of mobile assets and services across the CDC’s organization. Through this new contract, WidePoint will continue to provide complete outsourcing and management of CDC’s mobile communication services across multiple providers.”

The CDC Mobile Communications Management solution encompasses:

- Mobile Service
- Inventory and Invoice Management
- Ordering and Procurement Management
- Rate Plan Optimization
- Management Reporting
- Billing Consolidation and Auditing
- Contract Optimization
- Mobile Device Management
- Dispute Recovery Services

Kang added: “The CDC team has been recognized and honored as a leading agency for how federal

government agencies are utilizing General Services Administration contracts and innovative mobile management solutions to consolidate services and to realize millions of dollars in cost savings. We are excited to work with the CDC to expand the impact of our work and the adoption of other WidePoint Trusted Mobility Management solutions.”
